Any author that not match on our data base it will move or save on Fail Transactions.

IV . Author

The screenshot shows the 'Authors' page in the 'Royalty Calculation' application. At the top, there's a navigation bar with 'Home', 'Authors', 'Books', 'Royalty', 'Transactions', and 'Fail Transactions' (449). A user greeting 'Hello! Brian' is on the right. Below the navigation bar, there's a search bar (4) with a dropdown menu set to 'Show all authors' and a search icon. To the right of the search bar are three buttons: 'Bulk Import' (1), 'Add Author' (3), and 'Clear All' (2). Below these buttons is a table with columns: ID#, Name, No of books, UID, Email, Contact Number, Address (3), and Action. The table contains five rows of author data. The 'Action' column has two icons per row: a yellow pencil (5) for editing and a red trash can (6) for deleting. A watermark 'Activate Windows' is visible in the bottom right corner.

ID#	Name	No of books	UID	Email	Contact Number	Address ³	Action
